

THE PLACE TO CELEBRATE

Ahmedabad, India.

Opened in 2000, Aman redefined the way outdoor celebration venues were conceived in the country. It has since been the first choice for all outdoor functions, where quality of service and ambience are a consideration.

With over 200 large functions over the last few years, Aman has extended its hospitality to over 2,00,000 guests.

(For details of Aman log onto our website: www.amanindia.com)

With the support of continuous patronage and to extend the Aman experience we are launching in December 2005, *Aakash*, a new venue that is much larger than Aman.

Aakash has been conceived with the same attention to detail and design concerns, that Aman strove for.

Aakash, has a main venue that is over 90,000 sq. feet. It has in addition to this multiple smaller venues and courts where smaller functions can be hosted.

We can host events that can have a guest list from 10 to 10,000 persons.

Aakash also has four very well appointed Lounge Suites, with their private courts.

When you book Aakash the rent includes:

- a. The use of the Main Court, and the four Lounge Suites, with their private courts.
- b. A full electrical back - up system with a 100 K V A DG set.
- c. Car parking system.
- d. State of the art environmental sound system for your listening pleasure.
- e. Security personnel to help manage the occasion.
- f. Colour corrected coordinated lighting systems to enliven the evening functions.
- g. A permanent help desk during your function to iron out any small worries.
- h. Cost of electrical power consumed for the function is included in the basic price.

You can also book the Lounge Suites, Courts and other smaller venue combinations separately, if required.. These are ideal for your smaller celebrations, like birthdays, engagements, anniversaries, exhibitions, concerts and any other happy event in your life.

Aakash has a dedicated service of theme decorators, furniture, crockery and cutlery suppliers and florists.

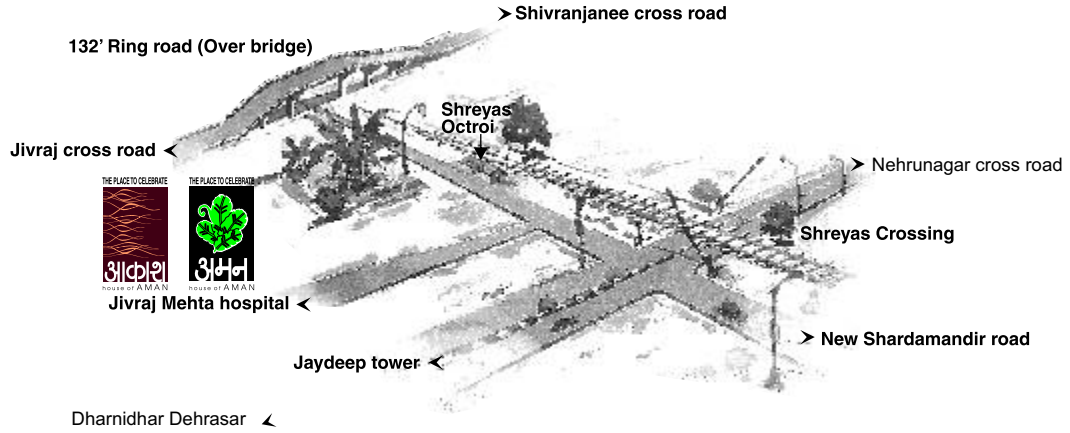

These are available at an extra cost.

Do not hesitate to ask us to design themes for you;

as we have designers to specially cater to your requirements.

Services of suppliers, other than those attached with Aakash, are not allowed: and we do apologize for the inconvenience if any.
